HANDMADE FRENCH LINGERIE IN A WIDE VARIETY OF STYLES.

French Lingerie appears to be gaining in popular favor all the time. The reason is plain. There is such variety in style, excellence in the material and attractiveness in the garments themselves. Fitting qualities, too, have greatly improved. Lingerie is now made over American measurements, individualized to meet varying requirements and tastes.

Our showing does credit to the work, and to the women who will wear the garments.

The instrument is the Columbia Grafonola "Jewel," price \$35. It has the hinged enclosing lid. It has the Columbia tone control leaves at the front-which have supplanted the old idea of small doors. It has the new No. 6 Columbia Reproducer. It has the new bayonet joint tone-arm. It has the regular standard Columbia motor which plays three records on one winding, and can be rewound, if necessary, wile running.

The records comprise 40 different pieces of music, on 20 Columbia Double-Disc records-also two portfolios to hold them, and a thousand needles.

You can make your own selection, if you desire, because you have a thousand records of the standard 65-cent series in the Columbia catalog from which to make up your list of twenty.

The whole outfit, delivered subject to trial in your home, where nothing at all but the musical capacity of the instrument can influence were in purchase. \$5 a month is all we ask after the first deposit is made.

IMPORTANT NOTICE!

All Columbia records will play on Victor talking machines. Likewise all Columbia Grafonolas will play Victor Records.

Mrs. Oliphant Turns Arguments of "Votes for Women" Workers Back Against Them.

CIVIL SERVICE DICTUM UPHELD

In a statement signed by Mrs. Orville D. Oliphant, general secretary of the New lersey State Association Opposed to Woman Suffrage, and given out yesterday afternoon from the Washington headquarters of the national association, there is contained a victous attack upon woman suffrage.

"During the month of February," Mrs. Oliphant says, "two feminist mass meetings were held in New York City, all the speakers being suffragists. At that meeting Miss Rose Young said:

'Whatever the future may reveal, it "Whatever the future may reveal, it will reveal that elective motherhood, not compulsory motherhood, will increase general capacity. When that revelation is put upon us, we shall see that the human career of woman will not be interfered with by motherhood." "Miss Henrietta Hodman said: 'No selfish and no lazy woman will join it.

selfish and no lazy woman will join it. They will call us mad, because they recognize that in the long run they will lose through feminism many privileges, such as the privileges of alimony and beng supported throughout life.

"Mrs. Chrystal Eastman Benedict, who poke for the suffragists before the flouse Committee on the Judiciary in Washington a few days ago, said: Freedom of choice in life and in marriage will follow economic independence and cannot come before it. Women will win their right to work, of piay, and of ad-venture as well as men.' A pamphlet entitled 'Bondwomen' is published by the National National American Woman Suffrage Association. It says: The free woman's concern is to see to it that she shall be able to bear children if she wants them without soliciting maintenance from any man, whoever he may be; and this she can do only if she is earning money

Mrs. Oliphant comments on all these quotations as follows: "Feminism is a live and vital issue of the suffrage campaign. The women opposed to suffrage stand for the conservation of the home; the suffragists for the sex revolution which means the disruption of the home. Will we have better government with woman as man's competitor and sex anwoman as man's competitor and sex antagonist? Shall we abandon honor motivality, civilization, at the call of a minority of women whose slogan is 'votes for women,' but whose evident intention is a NATIONAL TONIGHT, 8:15 Mat. Wod. 2 Sat.
